Skin Care with Intention

Considered the mother collection, the products in our dbts Skin Bar line are corrective & preventative.

Powered by clean energy, we effectively combine natural & organic elements with powerful pharmaceutical ingredients. Backed by over a decade of licensed professional research in ingredient science, we're careful not to include harmful/irritating synthetics. A truly inclusive brand that caters to all genders, skin types, & concerns.

NANCY YOUNG

Founder of the dbts Skin Bar Brand, Phoenix Aurora Apothecary, and Nova Glow Collection.

Nancy always knew she wanted to help people. "I just thought it would be more in the traditional medical field. I completed 3 ½ long years at Eastern Michigan University receiving my bachelor's degree in psychology with a double minor in child psychology and sociology. In my last year, I started to realize that this was not how I had intended on helping others. I didn't want to be a (shrink), I wanted to be an innovator. I wanted to help people become healthier specifically through skin care. This is when the concept of Delicate Beauty Therapeutic Spa began. My goal is for everyone to leave feeling educated, healed and refreshed."

A lifelong practitioner of the healing arts, she is regarded a pioneer in the wellness movement & draws on her extensive experience to create these robust collections of holistic centered, natural inspired product assortments and collections. Nancy wants to encourage people to be active participants in their own skin and body health journey's.

The spring of 2011 Nancy developed the ultimate tool for educating her clients on how to maintain and achieve optimal skin health dbts Skin Bar, which was originally developed as an educational site which broke down in detail skin types, diseases and how to treat them.

"Education has always been the driving force behind my career choice as skin therapist (aesthetician), when I received my certification as a Nutritional Counselor, I knew then that I had to mold the concept of the Skin Bar into the educational and therapeutic hub that I had always intended it to be, it is important that people understand that skin health isn't a luxury, but a necessity."

Nancy has 12+ years of skin health/wellness experience. She completed her 600 hour certification in Aesthetics from the Douglas J Aveda Institute & currently she holds over 1,000 hours of post graduate courses, making her a Master Aesthetician. She is a Michigan Board Certified Aesthetician & Certified in Nutritional Counseling & Wellness.

Most importantly, Nancy practices what she preaches, making health and wellness part of her everyday life, from growing herbal remedies in her indoor green room to testing treatments at her spa. Nancy has ensured the brand remains cruelty free, vegan, & ecofriendly.

Fueled by her passion for self-care, Nancy continues to travel the globe, absorbing the practices of spa rituals & wellness knowledge, while discovering the virtues of traditional healing practices and adapting them to create innovative products and spa rituals to incorporate during hands on treatments. Nancy created the dbts brand in 2008 & as of 2017 is officialy a Trade Marked brand.

Products

PURIFY

Azelaic & Clay Clarifying Cleanser

A mild wash that addresses inflammation and redness which often accompanies rosacea, psoriasis or eruptive breakouts. Purifying BioSulphur helps regulate hyperactivity of the sebaceous glands while offering anti-bacterial and anti-inflammatory benefits.

Azelaic & Sulphur Clarifying Mist

A powerful astringent toner that combats accumulation of keratinized skin cells that may clog pores causing comedones. Mildly exfoliating Salicylic, astringent Witch Hazel and pore penetrating Azelaic acid target congestion and dead skin cells. Water soluble BioSulphur regulates hyperactivity of the sebaceous glands while offering anti-bacterial and anti-inflammatory benefits.

Detox Sulphur Mask

Purify & detox congested pores, removing excess oil, minimizing the appearance of black heads with kaolin clay and antiseptic sulphur. Antimicrobial date fruit extract, Burdock root and essential oils revitalize dull looking skin, refining & clarifying texture.

Skin Purifying Serum

A clear, anti-acne, bacteria killing treatment. Lactic, Salicylic, & Azelaic Acid work together to clarify congested skin types. Fortifying Vitamin B3 clarifies un-even pigment, while Tomato Fruit Extract & Sulphur address eruptive breakouts, neutralizing topical oil for a more balanced appearance.

Quick Fix Spot Fix

Fight blackheads while minimizing oil and redness with this sebum regulating spot treatment. Clarifying sulphur and soothing calamine create the ideal pH environment to neutralize oil and bacteria normally associated with occasional breakouts. This unique quick-drying formula is non-irritating and suitable for all skin types including sensitive.

CALM YOUR SKIN

beCalm Cleansing Gel

Healing gel cleanser designed for Eczema, Rosacea, & other Sensitized skin types. Harmonizing extracts of Blue Lotus & Chamomile soothe & de-stress skin. Organic green, black, & white teas deliver a triple burst of powerful antioxidants that protect the skin from environmental conditions.

beCalm Revive Face & Body Tonic

Reviving daily tonic that removes impurities, while restoring PH. Organic St. John's Wort is full of powerful flavonoids, this herb protects, soothes, plumps, & reduces the appearance of fine lines and wrinkles. Calendula Oil offers anti-inflammatory & anti-bacterial properties.

beCalm Super Booster: For Eczema/Sensitized Skin

Highly effective daily use serum that alleviates stressed, sensitive, inflamed, and/or irritated skin. Defensil Plus & 15 percent Arnica extract boosts the anti-inflammatory processes that support recovery of the skin's barrier.

beCalm Anti-Inflamm/Wrinkle

Rewind Hydrator

Contains several active components that target chronic itchy, red, or problematic skin resulting from eczema, rosacea, psoriasis, & other allergic responses; abrasion or environmental sensitivity. Extracts Black Current & Sunflower seed oil boosts the production of skin cells & have calming effects of the skin's barrier. Calendula flower extract stimulates the metabolism of collagen during the skin's healing process.

Barrier Restore Balm

Offers a unique transdermal delivery system that promotes immediate absorption of skin desensitizers into the deeper layers of the dermis where healing and regeneration occurs. Borage oil is a naturally occurring plant oil that treats inflamed skin and skin conditions such as eczema & rosacea.

EVEN SKIN W/ KALI

Kali Refining & Collagen Support Super Booster

A unique pigment clarifying serum that addresses uneven production of melanin. A dynamic blend of Licorice Root, Bearberry, Kojic, Salicylic, Azelaic and Fruit Acids synergistically targets areas of hyperpigmentation and acne-prone based scarring. Super antioxidant Ferulic Acid and peptide stabilized Vitamin C resist free radicals while encouraging collagen synthesis.

Kali Pumpkin Resurfacer

Refreshing daily cleanser removes surface residue and protects against free radical damage. Pumpkin contains vitamin A and beta carotene, two potent anti-oxidant ingredients which help to fortify the cellular matrix. Provides important nutrition for the skin with surface-reducing lipids and essential oils. Antimicrobial clove and cinnamon lend a wonderfully appealing scent to this ultra-mild formula gentle enough for sensitive skin

Kali Restore

Freshens and tones skin after cleansing by providing a balance of moisture that hydrates and revitalizes skin structure. Infused with antioxidants and nourishing fruit oils, this daily use tonic restores skin to an ideal pH. Skin texture soothes and smooths even the driest skin.

EVEN SKIN W/ KALI CONT.

Kali Pumpkin Refining Peel

Smooth the appearance of your skin with this highly effective, deliciously scented pumpkin enzyme peel. Enzymes and glycolic acid dissolve and digest dry cell build up while mild corn meal grains provide a final sweep of exfoliation. Rich in natural anti-oxidants and nutrients, your skin will look and feel beautiful.

Kali Apple Stem Cell Hydrator

This remarkable liposome enriched, melanin inhibiting rejuvenating moisture creme is Bearberry derived Alpha-Arbutin, Magnesium Ascorbyl Phosphate, Tetrahexydecyl Ascorbate (vitamin c), Licorice Root, and Tetrahydrocurcuminoids (antioxidant, & skin lightening agent derived from Indian Turmeric), balance and restore clarity in environmentally stressed or pigmented skin. A rich infusion containing stem cells of the rare Swiss apple 'Uttwiler Spatlauber' offer longevity enhancing benefits.

Botanical Dark Circle Eliminator

This revitalizing eye serum targets an accumulation of melanin and dilated blood vessels that release "heme" the cause of visibly dark appearance. The active component Shadownyl™ provides anti-inflammatory and anti-oxidation benefits. Biophytex™, a synergistic complex botanical extracts rich in peptides, strengthen capillaries and reinforce their resistance, reactivating microcirculation.

Moisture Rich Hyaluronic Serum

Hyaluronic Acid is known for holding in moisture up to 1000 times it's weight, partnered with botanical extracts, Vitamin C, & pro-vitamin B5 this serum adds an intense boost of hydration to your skin. Moisture Rich Hyaluronic Serum offers hygroscopic properties which attract and bind moisture to the skin. Rapidly expanding high and low molecular weight proteins minimize the appearance of fine lines and wrinkles.

AHA Dermal Cleansing Gel

Alpha-hydroxy Acids revitalize skin while removing daily residue. AHA rich fruit & sugar-cane assist in keeping pores clear & skin tone even by encouraging cellular turnover and cell renewal.

Brightening Cherry Enzyme Peel

Brightening Cherry enzyme peel is a skin balancing pro strength exfoliant mask that aggressively sloughs off dead skin cells, balances uneven skin tone, brightens weathered/dull skin types; while promoting collagen formation.

Botanical Eye Restore

Rich in saponosides and flavonoids, this 4-in-1 botanical treatment strengthens capillaries & reactivates microcirculation, as well as treats puffiness & brightens the skin around the eyes, resulting in refined & refreshed skin.

Regenerate: Plant Stem Cell Serum

A plant derived age defense treatment in a bottle. Growth Factors: Swiss Apple, Gotu Kola, & Gardenia Stem Cells target & treat age related degradation; re-activating collagen, & youth restoring dermal activity.

Collagen Repair Treatment Hydrator

A unique moisturizer that works as a skin revitalizing & skin nourishing treatment. This powerful skin rejuvenator contains a synergistic blend of plant derived stem cells, epidermal growth factors, pro-vitamin complex, & peptides. Wrinkle rewind technology targets, wrinkle-formation mechanism of expression wrinkles, firming, improving skin tone, & elasticity

WHOLESALE. COLLABORATIONS. POP UP OPPORTUNITIES. BRAND PARTNERSHIPS.

When creating our products, we create result oriented &/or corrective skin care that works together, to not only treat & nourish the skin; but ingredients that are non-comedogenic, ecofriendly, & free of harmful synthetics

We recognize that our clients need some organic & some pharmaceutical components, such as AHA's & BHA's, which we incorporate in our in some of our products, as well as sprinkles of Organic ingredients from plant extracts & essential oils. Part of our growth & success comes from partnering with other visionary's that believe in giving their clients the best possible experience and products.

MANAGEMENT

- Directly overseen and managed by a licensed skin health professional with 12 years of hands on experience.
- 12 years working with clients of every age group and ethnicity.
- Experience in creating products that can not only fit in aesthetically, but also perform at an accelerated rate.

IDEATION

- Collaboration is the key to success with any business.
- We value the opinion of our partnerships.
- We work closely with other professionals that utilize our products.
- We provide product knowledge, & appropriate branding & marketing materials for our accounts.

RELATIONS

- We produce our products in both the United States & Vancouver, as we want to manufacture using the cleanest, eco-friendly, low-carbon foot print as possible.
- The power we consume is from hydro-electricity.
- Our US team incorporate hand made & "by hand" churning of our unique blends and formulas.
- Our Vancouver team maintains healthy relations with the FDA, adhering to all CTFA Quality Assurance guidelines.
- We do not test on animals.
- The majority of our organic/botanical ingredients are extracted in-house using a traditional steam distillation process.
- We guarantee the consistency & quality of our products from batch to batch, performing microbiological temperature & stability testing.
